Cancellation Policy

Here at Cornea & Refractive Consultants (V.I.P. Laser Eye Center), we strive to schedule our patients in a timely manner. Our doctors give every one of our patients generous time and attention. We ask that you carefully consider your schedule when making your appointments to avoid last minute cancellations or no shows. Please call our office at least 24 hours prior to your scheduled appointment time to avoid the \$20.00 fee. I agree that there will be a \$20.00 fee charged to me for missed appointments or appointments cancelled within less than 24 hours notice.

Refraction Fee

Please be advised that eye refraction is NOT a covered service by Medicare nor by most insurance companies. This is the test to determine the best potential vision of each eye, as well as the eyeglass prescription. Our doctors feel that evaluation of the best corrected vision is an essential measurement to determine the health of the eye and unless a patient is 20/20 with or without correction, we may perform a Refraction as part of your examination and for some problem – oriented visits when indicated.

The fee for this part of the examination is \$50.00 due at the time of the visit. This is not covered by insurance.

Dilation Consent Information

It is our goal to provide a complete and thorough comprehensive eye examination. To effectively accomplish our goal, we feel it is sometimes important to dilate the pupils of your eyes. This will require placing drops in your eyes which will open the pupil and allow a better view of the inside of your eye, enabling us to detect any ocular pathology such as cataracts, glaucoma, macular degeneration, etc. As with many medications, there are some side effects of the drops used to dilate the pupil. These include temporary sensitivity to light and blurred vision; especially at near (in many cases the distance vision will be minimally affected). The side effects usually last several hours but rarely more than 6-8 hours. Driving may be more difficult, you may want to have someone available to drive you home if your eyes are dilated.
